COMPATIBLE WITH
JETOUR

Jetour T2 [2024 - 2025]

◆ It is important to measure the fender gap and confirm thickness before purchasing.

◆ If the thickness of the wheel spacer is smaller than the length of the original studs, the rims must allow for small pockets on the mounting surface of the rim.

◆ If using rims without enough pockets, the stock studs, should be shortened so that they do not extend beyond the thickness of the spacer.
